

About Acutrack

Acutrack is an eCommerce fulfillment company - with a specialization in publishing books, and media on demand. We are an ideal partner for those who want to retain complete control over their business.

Acutrack's Disc Manufacture On Demand (MOD)

This on-demand manufacturing service allows you to manufacture a disc package when you need one and to fulfill directly to your end-user.

Acutrack Value Proposition

Full control over your sales & marketing:

We allow our customers to have a complete control of their revenue & customer data. You keep your brand, your customers and engage with your community to grow your business. We can easily integrate with your (any) eCommerce or Amazon marketplace or provide you with complete API support

Quality manufacturing:

We use highest quality disc and quality control for zero disc failure in the field. Additionally, our discs are printed with a photo-realistic image quality where the artwork does not smudge, scratch, or fade.

One partner for all logistics:

We have our print and fulfillment center at Livermore, CA and Cincinnati, OH. We can help manage your logistics needs with book print or manage fulfillment of items supplied by you.

Market leader:

We are an experienced organization serving the industry since 1992. We are a market leader in manufacture on demand serving clients like Gravitass Ventures, Disney, and Digital River.

Personalized customer service:

We have a dedicated support team and pride ourselves with the highest customer service. Check out our 5-star review on Trustpilot.
